Classroom Happenings

Third grade, in my opinion, is one of the greatest years. This is a year where students are becoming more independent thinkers and doers. They enjoy expressing their thoughts, opinions, and ideas through writing and want to be heard! Last year students expressed interest in starting a newsletter committee and I am excited to be able to have that option for students this year. More information will be sent home within the first few weeks of school and our class newsletter/periodical will be entirely student led.
